## WE ARE CRAFTING DEVON'S FIRST SINGLE MALT WHISKY ON THE EDGE OF DARTMOOR NATIONAL PARK

Our beautiful ex-Cognac still was hand beaten in 1966 and has produced quality spirit for the likes of Hennessy, Martel and Remy Martin for most of its life. Saved from sitting dormant since its decommission in 1994, our still has been fully refurbished to restore it back to its former glory and is now producing smooth, sweet new make spirit made from Dartmoor barley.

Inspired by the rugged land of Dartmoor and guided by our Master Distiller, Frank McHardy, our mission is to produce single malt whisky of unrivalled quality that encapsulates the true spirit of Dartmoor National Park.

# OUR PROCESS

Dartmoor Whisky is made using barley grown by Tim Cox at Preston Farm on Dartmoor National Park. The barley is then malted at Warminster Maltings in Somerset, Britain's oldest working maltings, who still use the traditional techniques of germination floors and good old-fashioned manpower, turning the barley with a malt shovel daily.

Our beer wash is brewed by a local cask ale producer to our recipe, which has been specified by our Master Distiller, Frank McHardy.

Our primary distillation takes the beer wash from around 9% to 25% ABV. After three primary distillations, the 'low wines' are returned to the still to be distilled again to produce the finished 'water of life' at around 70% ABV.

Our spirit is then transferred into barrels for the maturation process to begin.

## EX-BORDEAUX

Made from locally-sourced hand turned barley on the edge of Dartmoor National Park, this whisky has been aged in a single Ex-Bordeaux red wine cask, before being cut with pure Dartmoor spring water.

This barrel is from the Bordeaux region which is world-renowned for being the best wine growing region in France. We take barrels which have previously held the highest-quality French red wine and fill them with our whisky straight from the still, where it will sit to mature and soak up the beautiful aromas of the cask.

## EX-BOURBON

Made from locally-sourced hand turned barley on the edge of Dartmoor National Park, this whisky has been aged in a single Ex-Bourbon cask before being cut with pure Dartmoor spring water.

This barrel is imported from a Bourbon distillery in America. The law in America dictates that American white oak barrels can only be used once for the production of Bourbon, resulting in a glut of Ex-Bourbon barrels. Some of the barrels we use are from well-known Bourbon whiskey brands in Kentucky and still hold the wonderfully sweet vanilla flavours from their past life holding Bourbon whiskey.

**CASK:** Ex-Oloroso Sherry  
**MATURATION:** Single cask  
**COLOUR:** Golden  
**NOSE:** Distinctive sherry aromas, rich, fruity  
**PALATE:** Sweet sherry, hazelnut, coconut, marzipan, sultanas, gingerbread, treacle  
**FINISH:** Long, smooth and sweet  
**BODY:** Full  
**ABV:** 46%

## EX-OLOROSO SHERRY

Made from locally-sourced hand turned barley on the edge of Dartmoor National Park, this whisky has been aged in a single Ex-Oloroso Sherry cask before being cut with pure Dartmoor spring water.

This barrel comes from the Jerez region in Spain where sherry is produced. These casks are some of the most exclusive and expensive we purchase because of the beautifully sweet and rich flavours they impart on whisky. Unlike most distilleries who just finish their whisky in sherry barrels, this single cask, single malt has been solely matured in a sherry cask from start to finish
